

Outreach – Family Promise

Family Promise has been one of the Outreach programs at Grace in the Desert for many years. While we are unable to host families on-site as we have done in the past, non-food items from their needs list have been collected and delivered to the Family Promise office – and very much appreciated. Items such as household cleaning supplies, toiletries, diapers. We continue to pray for a coordinator to lead a team of volunteers to work with the Family Promise Case Manager to guide the families to self-sufficiency as they transition to permanent housing – with the new “Just Neighbors” program developed by Family Promise.
