

Labyrinth Garden Guild Report:

Although the Covid Pandemic postponed some of our planned activities, the Labyrinth Garden Guild has continued to work. Maintaining the labyrinth and garden while striving to complete the original design plan has kept this ministry busy.

The Guild was happy to have several groups walk the labyrinth this past year including Stillpoint, Methodist Labyrinth Ministry, Labyrinth Meet-Up Group as well as our own regularly scheduled walks at Grace on Saturday mornings twice a month. In addition the Labyrinth Garden was enjoyed by small groups and individuals both from Grace and the surrounding community meeting for coffee, meditation, prayer, reading or just relaxing. Going forward the Guild hopes to improve the space for outdoor services, celebrations and hospitality gatherings.

The Guild expanded the scope of their work this year to assist the Junior Warden in the maintenance of the general landscape at Grace. Through this effort, the Junior Warden and the Vestry a new maintenance company, Center Cut, was hired. Our account manager is working co-operatively with us to improve our landscape while being mindful of conserving water. The Labyrinth Garden Guild looks forward to furthering our goal to provide a welcoming landscape and labyrinth garden for our parish as well as visitors to

Grace in the Desert. In particular, we strive to demonstrate that we are serious about the land we care for and being good stewards.
