

A MESSAGE FROM OUR SENIOR WARDEN

The services this past weekend provided the parishioners of Grace in the Desert the opportunity to meet and greet Bishop Elizabeth. Her enthusiasm and positive attitude were certainly uplifting! And now it is our responsibility to see that her expectations for Grace are brought to fruition! You all know that the CAT survey will be conducted soon and each of us must participate to obtain the best assessment of our status. Once that is in hand, the next steps will be identified so that we can proceed in our journey. Thanks in advance for your participation.

Given recent tragic happenings, I would encourage each of you to incorporate a higher level of alertness to your surroundings, not only in church but in any environment. Specifically, at Grace, orientation to the exits should be noted. In addition to the front entrance, there are exit doors on either side of the sanctuary and through the sacristy. Hopefully, there will not be a need for their use, but preparedness is important.

With summer's arrival, many of us will be engaged in summer activities and vacations. Please be safe in all that you do.
